BOUT CATARRH CURES.

The Reason Why Inhalers and Local Applications are Useless.

For many years catarrh was considered to be local disease and was treated entirely by local remedies, salves, cintments, pow-ders, sprays and inhalers, and nearly all of these gave a temporary relief, but a genuine permanent cure was very rare.

Catarrh is a constitutional disease, a blood disorder, complicated usually with disease of the liver and to suppose that local applications of sprays, powders, inhalars, could ever reach the real cause of the trouble is ridiculous. ers, could ever reach the real cause of the trouble is ridiculous.

The sensible and successful treatment is to remove the catarrhal poison from the system by regulating the liver and purifying the blood, and this can only be done by an internal remedy, which should consist of antiseptics and remedies to act vigorously on the blood and liver.

The best preparation of this kind which fills all the requirements of a safe constitutional treatment is Stuart's Catarrh Tablets, composed of Blood Root. Red Gum and similar wholesome antiseptics, which are absolutely safe to take into the stomach and which act upon the liver, stomach and mucous membrane.

Stuart's Catarrh Tablets are large, pleasant tasting losenges to be slowly dissolved in the mouth, thus reaching the micous membrane and wind-pipe and finally reaching the stomach.

membrane and wind-pipe and finally reaching the stomach.

Dr. Edmondson, in speaking of the new treatment for catarrh. says: "I have accomplished the most satisfactory results in all forms of catarrh of the head, throat, bronchial tubes, as well as catarrh of the stomach and liver by using nothing else but Stuart's Catarrh Tablets. I long since three aside sprays and inhalers as being inconvenient and at the best mere temporary makeshifts."

Stuart's Catarrh Tablets act immediately most the liver and blood and clear the strain and the best mere temporary makeshifts."
Stuart's Catarrh Tablets act immediately upon the liver and blood and clear the whole system of catarrhal poison. They are pleasant and very convenient to use, and they are not only the latest, but I believe them to be the best and certainly the safest treatment for any form of catarrh."

All druggists sell Stuart's Catarrh Tablets at 18 ota for full sized nackage.
